*(located on exterior side of door)*

## Introducing the Lensing Light Commercial Door

The Lensing Light Commercial Door is available in the following three steel door slab styles.

Flush

6 Panel

2 Panel  
Half Glass

Say hello to the Lensing Light Commercial Door System. This new door package strikes the perfect balance between meeting commercial needs and giving small businesses and nonprofits an economical light commercial option.

Product features of this light commercial door system include:

- 3/0 x 6/8 outswing steel exterior door primed in white
- 20-minute fire rating (excludes door with glass)
- Hardware includes Hager 5300 Closer, Hager 4701 Panic Bar, Hager 47CE Lever with Lockset and stainless steel hinges
- Hardware to be field installed
- Uses FrameSaver Jamb and 4-9/16" Bumper or ADA Sill
- Blocking for closer, parallel mount and panic bar
